Mason Gerry (Founder & CEO) | 0:00 – 0:30 (30 Seconds)

GERRY'S WINDOW SERVICES

KEY POINTS & DATA

- Opening Hook: 24 feet up on an aluminum ladder in Wayzata, MN scraping windows with garden hose tap water.
- Phone vibrating with 3 missed customer calls; by the time Mason climbed down, 2 homeowners hired competitors who answered in under 2 minutes.
- Job finished dried with cloudy mineral spots from 284 PPM municipal tap water.
- The realization: Home services are broken for consumers—slow callbacks, zero transparency, and streaky windows.
- The consumer solution: Instant quotes in <60s, self-booking, and 000 PPM pure-water spot-free results.

Mason Gerry (Founder & CEO) | 0:30 – 1:10 (40 Seconds)

HOME SERVICES ARE BROKEN FOR CONSUMERS

KEY POINTS & DATA

- 4.2 Hours: Average wait time for a contractor callback across US home service trades.
- 78% of Homeowners hire the very first service company that delivers a confirmed price.
- 3.9x Drop in booking probability if response takes longer than 30 minutes.
- Primary Research Audit: N=45 quantitative homeowner surveys & N=18 in-depth interviews across Lake Minnetonka and Twin Cities.
- Homeowner Quote: "I always hire whoever gives me a confirmed price first. I don't have time to wait 24 hours for three contractors to call me back."

ALWAYS OPTIMIZING: SQUEEGEE TO FILTER

KEY POINTS & DATA

- Traditional Squeegee (The Old Way): Dangerous 24ft ladder climbing, soapy bucket water, streak risks, and dirty track runoff.
- Water-Fed Filtration Poles (Gerry's Optimization): 100% ground-level reach up to 3 stories with zero ladder damage to property.
- Pure-Water Process: Multi-stage deionized filtration strips mineral ions so water cleans naturally without soaps or chemicals.
- 2.5x Faster Turnaround: Cuts time-on-site in half while delivering spotless glass that stays cleaner significantly longer.

🎙️ Technical Lead | ⏱️ 1:45 – 2:20 (35 Seconds)

INSTANT PRICING. INSTANT BOOKING.

KEY POINTS & DATA

- Sub-60-second instant automated dynamic quote sent via SMS or web form.
- Bronze Package ($300): All exterior glass, frames, and sills cleaned spot-free.
- Silver Package ($450): Complete interior & exterior detailing + track vacuum.
- Gold Package ($650): Full estate care including deep screen restoration.
- 1-Tap Mobile Arrival Slot Selection with zero double-booking (HTTP 409 conflict checks).

HOW OUR TECHNOLOGY POWERS THE TRUCK

KEY POINTS & DATA

- Pillar 1: Grounded AI Auto-Pilot — Intelligent intake, dynamic pricing calculations, TCPA quiet hours, objection handling battlecards.
- Pillar 2: Connected Truck Filtration Rig — Dual inline conductivity sensors verifying pure filtered water on-board.
- The Customer Deliverable: Automated Digital Clarity Certificate + 48-Hour Rain Shield guarantee.

OUR CONSUMER: "SUBURBAN SARAH & DAVID"

KEY POINTS & DATA

- Ideal Customer Profile: "Suburban Sarah & David", Lake Minnetonka, Wayzata, Edina, Eden Prairie.
- Home Profile: $650,000 to $2.5 Million home value with 35 to 60 large architectural windows.
- Consumer Mindset: High pride of ownership, strict HOA compliance, severe well-water calcium spotting, zero free time.
- Buying Behavior: Values speed and verified quality over cheap bids. Enthusiastic adopters of $42–$65/mo recurring subscriptions.
- Market Opportunity: $42 Million Twin Cities luxury beachhead sitting inside an $18.4 Billion US exterior care industry.

THE 500-METER CUL-DE-SAC FLYWHEEL

KEY POINTS & DATA

- Anchor Booking: Home A on Bushaway Rd books a window clean on the mobile portal.
- Auto-Alert: Platform automatically alerts 30 neighbors within 500m: "Truck is on your street Thursday for $40 off."
- Clustered Route: Clustered stops close at 3.2x higher rate; technicians roll hose across driveway with $0 drive time.
- Passing Efficiency Back: Homeowners receive a $40 neighborhood discount while truck revenue per day surges.

WHY HOMEOWNERS CHOOSE US

KEY POINTS & DATA

- Speed to Quote: < 60 Seconds Instant Mobile Quote vs. 4+ Hours / 2-Day Wait (Traditional).
- Water Purity: 000 PPM Lab-Pure Deionized Water vs. Tap Water Squeegee (Risk of baked mineral streaks).
- Booking & Pricing: Transparent 3-Tier Interactive Proposal vs. Paper door hanger or static PDF.
- Customer Guarantee: 48-Hour Automated Rain Shield Guarantee vs. None / "All Sales Final".

RECURRING CARE & THE DATA FLYWHEEL

KEY POINTS & DATA

- 42% Subscription Conversion: Homeowners convert from $300 single clean to $42–$65/mo autopay maintenance.
- 68% Field Gross Margin: High-efficiency pure water pole cleaning generating $14,800/mo per truck.
- The Platform Data Engine: Every consumer interaction captures route density clustering, pricing elasticity by zip code, and regional municipal water hardness telemetry.
- Operating Intelligence: Data makes our pricing smarter, routing tighter, and customer retention higher with every wash.

OPERATING DAILY IN THE TWIN CITIES

KEY POINTS & DATA

- 61% Quote-to-Close Rate in live field deployment (nearly triple ~22% industry benchmark).
- 42% Recurring Subscription Adoption Rate converting cleans to predictable monthly autopay.
- 000 PPM Pure Water delivered with zero spot callbacks or streak disputes.
- 53 of 53 Automated Regression Tests passing (double-booking prevention, AI guardrails, IoT envelopes).
