masongerry991@gmail.com • gerryswindows.com

## THE GERRY'S 48-HOUR RAIN SPOT & SATISFACTION GUARANTEE

Minnesota weather can be unpredictable. If rain or sprinkler spray spots your glass within 48 hours of any scheduled service, contact us and a lead technician will return to touch up the affected panes **completely free of charge**. No hassle, no questions asked.

## 0 PPM PURE DI WATER DIFFERENCE

Traditional cleaners use squeegees and dish soaps that leave an invisible, sticky microscopic film. This soap residue acts as a magnet for pollen, dirt, and dust, dulling your view within weeks.

We filter municipal water down to **0 PPM (parts per million)** of dissolved minerals. When pure DI water dries on your glass, it leaves zero spots, zero streaks, and zero residue. Your windows stay clean **twice as long**.

## GROUND-BASED CARBON-FIBER RIG

We invest in commercial aerospace carbon-fiber water-fed pole systems. This enables our technicians to scrub and rinse 2nd and 3rd story glass safely from the ground.

**Zero Ladders:** No heavy aluminum ladders denting your aluminum gutters, scraping your siding, or damaging delicate Lake Minnetonka flowerbeds.

## MEMBERSHIP ENROLLMENT & AUTHORIZATION

✓ NO LOCK-IN CONTRACTS

Select your preferred plan and return to your technician or email to masongerry991@gmail.com

HOMEOWNER / BUSINESS NAME
